

Troubled Times Tool Kit

HOW YOU CAN CONTRIBUTE

HELP YOUR COLLEAGUES WEATHER THE STORM

To assist you during these uncertain economic times, BioNJ has developed a virtual Troubled Times Tool Kit for Life Science Companies. Located on the BioNJ Web site (www.BioNJ.org), and the Tool Kit is designed to provide our Life Science Company Members with strategies and tactics for weathering and succeeding where others may fail during the current economic crisis.

As part of this process, we will continue to update the Tool Kit and BioNJ is inviting and encouraging you to contribute any resources that will work toward that end. Please consider submitting white papers/articles on cash retention, cost cutting, legal issues, restructuring and collaboration strategies; expert contacts, etc.

All submissions will be vetted by BioNJ for possible inclusion in the Tool Kit. Appropriate credit will be given for your contribution.

Please submit ideas and/or documents to BioNJ Headquarters via e-mail at BioNJ@BioNJ.org.
